57/26 C krishnan street, pillayar Pal
ayam, kanchipuram.

SKILLS

UI path

PCB designing

Web development

Graphic designing

C programming

Python

OBJECTIVE

As a pursuing graduate, I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as a network technician.

EXPERIENCE

Studymonk

19-04-2021 - Till date

Engineer intern

Being second year graduate I joined studymonk and explored cooperate world.

EDUCATION

Panimalar engineering college

2019-2023

BE

9.12

PROJECTS

4 -way Arduino traffic light pedestrian crossing using push button

I have created a 4 - way Arduino traffic light pedestrian crossing using push button using Proteus software. The concept behind this project is that it interepts the normal traffic light signals when the pedestrians press the push button and allows them to cross the road .
